Strategic Priorities

Create unique customer experiences to differentiate ourselves from our competitors to drive visitation and in-park spend

- Continue to develop unique attractions in-park
- Identify new, and build on existing partnerships
- Execute Food and Beverage and Retail strategies
- Create a personalised customer journey
- Leverage unique appeal of SkyPoint

Strategic Priorities – Unique Attractions

- First Indigenous cultural experience in a Theme Park environment
- 45% of guests to park visit the attraction
- Corroboree/SkyPoint combination providing cut through in International markets
- Aligns with group and education markets

Strategic Priorities – Partnerships

- Dreamworks
- ABC Kids
- Wiggles
- V8 Supercars
- Big Brother
- Mick Doohan
- Yugambeh Museum

Strategic Priorities – Food and Beverage, Retail

- Successful launch of four new food outlets in FY15 – Green Bean Coffee Co., Dough Bros. Pizzeria, Food Central, The Sandwich Shop
- Add new, on trend food experiences throughout 2015/16
- Upgrade and re theme existing food outlets
- Add signature and unique retail brands to park offer
- Launch online retail by end 2015

Strategic Priorities – Customer Journey

- Experience - Utilising technology and people to make the experience as seamless and engaging as possible
- Differentiation - Unique products and services to drive deeper engagement for our customers
- Digital Platforms - Invest in and utilise platforms to provide a single view of the Customer pre, during and post visit
- Customer Knowledge – Utilise digital platforms to understand our customers needs, wants and purchasing behaviours
- Personalisation - Allowing the customer to interact with the offering in their own way
- Loyalty - Rewarded at each contact point in the customer journey to make customers feel valued

Strategic Priorities – Skypoint

- Continued growth in international visitor market
- Drive local and domestic visitation
- Develop a new guest experience for observation deck
- Increase retail footprint at entry and refurbish observation deck
- Identify adjacent business opportunities
- Introduce new climb experiences and photo opportunities

Opportunity to Harness Growth from Surrounding Developments

- Billion dollar Coomera Town Centre development (Dreamworld's Northern boundary) opening ~2017
- \$75 million upgrade to nearby road infrastructure to be completed at end of 2016
- \$52 million Commonwealth Games facility (Dreamworld's Eastern boundary) to be completed at end of 2016
- Master Plan of Dreamworld to identify park development opportunities to capitalise on these surrounding developments

3RD Quarter Trading Update

- Revenues of \$133.91 million for the past nine months were up 10.2% on the prior corresponding period, underpinned by the acquisition of the Fitness First WA portfolio in September 2014
- EBITDA of \$20.97 million was recorded against EBITDA of \$25.23 million for the prior corresponding period
- The third quarter EBITDA of \$6.49 million increased from \$5.66 million in the previous quarter
- On a constant club basis, revenues of \$113.31 million fell by 4.9% against revenues of \$119.20 million in the prior corresponding period with sales and leavers in South East Queensland and South Australia particularly impacted by a significant increase in competition
- Constant club earnings before property costs of \$55.90 million were 6.4% lower than earnings of \$59.72 million in the prior corresponding period
- Western Australia continued to be Goodlife's strongest performing state with like for like membership growth. Membership for the Fitness First WA acquisition remained stable in the third quarter, with cost saving initiatives to date exceeding forecast

Australian Fitness Industry Snapshot

Increasing community awareness linking chronic illness and poor lifestyle choices is likely to raise the profile and penetration of the Fitness Industry

- More than 4 million Australians participate in Fitness Industry activities. Looking forward, participation will continue to increase exponentially with total demand increasing to 7.15m users by 2020¹
- Total Industry Revenue (2014) AUD\$1.3 Billion², with Membership dues making up 67% of revenue and Personal Training almost 10%²
- Interest in exercise and fitness as a means to better health is expected to increase over the next five years. The industry benefits from lifestyle TV shows (TBL), magazines, health education within schools and the workplace, childhood obesity concerns and the growing accessibility and affordability of gyms²
- Demographic factors such as urbanisation, increasing time pressures and an ageing population are likely to continue to reinforce gym participation¹

Goodlife Strategic Plan

To provide the most compelling offering in the market by converting Goodlife Health Clubs to a full service 24.7 model

- Providing value pricing options neutralises the 24.7 value proposition of the small box operators whilst still providing full service differentiation of:
 - A large variety of Group Fitness Classes, including Spin, Yoga, Pilates and Booty Barre
 - More Personal Trainers providing both individual and small group training programs
 - More variety and total numbers of strength, functional and cardio equipment
 - Childminding
 - Larger and more comfortable change rooms

Conversion Program

- Dedicated multi-function team allocated to conversions
- Localised communications and marketing plan
 - T-45 days
 - Opening
 - +30 days open
- Regulatory approvals filed for 66 clubs
- Progressive update of telecoms and IT infrastructure, security camera installation and building management systems across portfolio
- Brand refresh incorporating 24.7 clubs
- Capital spend in line with expectations at average \$100k per site

Encouraging Early Signs for 24.7

Change to Prior Corresponding Period (PCP)	Clubs Announced or Open as 24.7
Sales %	Up 32.1%
Leavers %	Down 7.6%

Reporting 1st February 2015 through to 30th April 2015

- Whilst a small sample size and limited trial period (5 clubs converted to 24.7 at 30 April 2015), these clubs are outperforming both PCP and the majority of the portfolio in terms of sales and leavers and support our 24.7 conversion strategy
- Chermside club had member growth of 87 for March and April v member loss of 117 in PCP
- Early pay off in reduced leavers and additional sales post conversion
- Staffing changes occur 30 days after conversion reducing operating costs by \$30k per site

Digital Evolution and Diversification

- On Boarding application now live
- New Web and ecommerce platform due for release 1st quarter 2016
- Designed for mobile and tablet first, the new Customer Management System provides seamless operational customisation and a customer-centric experience
- 7 clicks to transact – down from 14 on current platform
- Data Led – Organisation
- New head of customer analytics providing deeper insights into key influences
- Operational support to deal directly with customer feedback in real time
- Detailed segmentation of users to provide a more personalised member journey

Market Snapshot

Bowling no longer enough

- Bowling does not drive occasion, the combination of F&B, AMD and other activities drive occasion
- Particularly evident in AMF's older suburban locations which were developed to be league focused centres

Consumers demanding diversity and continual innovation

- You can no longer build and then sit on the same offer - Innovation is required in every aspect
- AMD games are one of the proven sources of innovation

Competition has expanded and intensified

- There are now many options in leisure and entertainment

Transition from Bowling to Entertainment

Reinvent Kingpin

- Update Kingpin flagships as an entertainment destination
- New Kingpin FEC in shopping / entertainment destinations

Leverage Amusement Game Arcades

- Rollout amusement arcades in prime locations
- Deliver circa 25% returns on less capital intensive product

Divest Non-Core AMF Centres

- Currently a number of non-core centres identified in the portfolio to divest over the next 3 years

Execute Digital Initiatives

- Drive sales, improve the in-centre experience and remain socially connected with customers

Reinvent Kingpin as an entertainment destination

- Opportunity to modernise Kingpin in current flagship destinations with a premium offering
- Create Family Entertainment Centres in key suburban locations
- Test the conversion of an AMF centre to a Kingpin where demographics and site location are appropriate

Leverage Amusement Game Arcades

- We are one of Australia's largest amusement machine operators through our bowling centres and the success of the stand alone Galactic Circus, City Amusements and Playtime centres
- Reinvent amusement arcades into entertainment venues
- Opportunity to roll out new sites or acquire existing businesses
- Less capital intensive to set up and maintain
- Continually innovate with new games and technology

Divest Non-Core AMF Centres

- There are a number of non-core centres identified for divestment based on performance and location
- Each planned divestment is being reviewed based on an approach to minimise exit costs which may involve operating to the end of the lease or in some cases it may be possible to exit earlier
- The closure of two underperforming centres (Randwick and Richmond) has been completed. Launceston is in the process of being sold in June to the landlord as part of the divestment strategy

Execute Digital Initiatives

- Drive sales, improve the in-centre experience and remain socially connected with customers
- Online booking engine for social play – *December '14*
- Customer call centre supported through booking engine – *December '14*
- Home of birthday parties – *March '15*
- CRM lifecycle for welcome, booking birthday parties and re-engagement - *May '15*
- New website platform – *June '15*
- App including gamification – *September '15*

Learnings from Main Event - Update Food Strategy

- Using food for driving occasion
- An holistic approach to entertainment, socialising and dining
- A social hub...shareability
- Use F&B to maximise frequency of repeat visitation
- 21 centres by July '15

Ardent Leisure Group Capital Management

Ardent Leisure Group Capital Management

- The Group can be viewed in two distinct geographical parts – Australia and the United States.
- The Australian group is more mature, lower growth and has lower capital expenditure requirements.
- The US group is a high growth, higher return business and therefore has higher capital expenditure requirements.
- Maintenance capital expenditure will continue to be covered by depreciation.
- In Australia, for development capital expenditure we target EBITDA returns of 15-20% for d'Albora and 25% for bowling and health clubs. In the US, we target an EBITDA return of 30%+ for Main Event.
- Given the size of the Main Event roll out opportunity and the higher returns, the majority of our capital will be deployed in the US.

Ardent Leisure Group Capital Management (cont.)

Historically, the Group's targeted gearing range (gross debt/ debt plus equity) has been 30-35%, but funding Main Event, which is a strong EBITDA and cashflow business with lower property assets, has elevated this.

The debt serviceability covenant (gross debt/ last 12 months EBITDA) is a better measure of group leverage and the strong EBITDA generation of Main Event. The debt serviceability improves as the new centres reach a full 12 month trading.

Recognising the above, there is no longer a gearing covenant for the bank facility.

Ardent Leisure Group Capital Management (cont.)

- Ardent will continue to use the following sources of funding to finance Group investment, which is focused towards the higher returning Main Event business.

Source	Comment
Bank Debt Facility	<ul style="list-style-type: none"> ➤ We benefit from a 4 bank syndicate facility, which includes ANZ, NAB, CBA and Westpac, currently A\$200m and US\$160m. ➤ The 4 banks provide capacity to increase facility. ➤ Currently working with syndicate to secure bank funding requirements for next 3-5 years.
Retained Earnings	<ul style="list-style-type: none"> ➤ We have historically distributed 90% of core earnings, but can retain more if more efficient from a capital management perspective.
Equity	<ul style="list-style-type: none"> ➤ Continue with Distribution Reinvestment Plan (DRP), which typically amounts to 30-40% of distribution.
Asset recycling, to include Sale & Leaseback	<ul style="list-style-type: none"> ➤ Main Event freehold competitively sought after as demonstrated in recent sale and leaseback tender process. ➤ Intention to partner with major Real Estate Investment Trust to provide pipeline funding of up to US\$100m.
